

PRESS RELEASE

For Immediate Distribution

ACQUISITION OF REPS SOFTWARE

Montréal, May 14, 2007 – Logibec Groupe Informatique Ltd. (TSX: LGI) announced today the acquisition, by its wholly-owned subsidiary MDI Technologies, Inc. ("MDI"), of all the outstanding shares of Ideal Software, Inc., a company in the United States doing business as REPS Software.

REPS Software, located in Tampa, Florida, develops and sells CRM/Lead Management and Clinical software to the senior living and assisted living industries.

The current contractual agreements of REPS Software should contribute CA\$0.7 million and CA\$2.0 million to the Company's recurring revenue during the fiscal years 2007 and 2008, respectively. The Company believes that there is excellent cross-selling potential for REPS Software's CRM software within MDI's customer base as well as an opportunity to promote MDI's current range of products to REPS Software's clients.

The acquisition of REPS Software is being financed through MDI's credit facilities set up in April 2007.

ABOUT LOGIBEC

Logibec is among the ten largest Canadian companies specializing in the development, marketing, implementation and support of information systems for the health and social services sector. Logibec serves over 200 clients in Quebec and throughout Canada. Through its wholly-owned subsidiary MDI Technologies, Inc., Logibec also serves over 3,000 senior living communities and long-term care facilities throughout the United States. These services are delivered by an experienced team of some 275 employees. The Company has its head office in Montreal as well as offices in Quebec City, Edmonton and St. Louis, Missouri, Smithfield, Virginia and Tampa, Florida.
